Charles Dickens once said: "Procrastination is the thief of time, collar him". In my opinion, it means that postponing something doesn't make good to anybody, because you lose your time while you have useful and necessary things to do.

I agree with Charles Dickens. He said it short and understandable.

And now I am going to explain my point of view.

For instance, I can tell about my own life, student's life. In avoidance of having bad marks, I have to do everything on time, so I there can't be any time-wasting. ~~But~~ And when I live like this, everything goes idle.
